

# ESG Landscape Map

## Environment Pillar (9)

### Sustainability Measurement and Reporting

### Climate and Emissions Management

### Sustainable Product Development and Finance

## Governance Pillar (5)

### ESG Compliance and Governance

### Corporate Governance and Risk Management

## Social Pillar (3)

### Community and Social Impact

**ESG solution providers** offer products, services, or platforms that help organisations:

1. Measure, manage, and mitigate their environmental impact (E)
2. Promote social responsibility, diversity, and inclusion (S)
3. Ensure good governance practices, risk management, and compliance (G)

**Inclusion Basis**
