

SFA

SINGAPORE
FINTECH
ASSOCIATION

An aerial photograph of a modern, multi-story building with a glass facade. The building features a prominent green roof with various plants and trees. A central courtyard area is visible, containing a swimming pool, a lounge area with colorful umbrellas, and a small bridge. The text "ESG PITCHBOOK" is overlaid in large white letters. A large red geometric shape is in the top left corner.

ESG PITCHBOOK

A photograph of the Singapore skyline at dusk, featuring numerous illuminated skyscrapers and a body of water in the foreground. The image is used as a background for the top half of the page.

SFA ESG PITCHBOOK

SFA is driving efforts at showcasing our members' solutions to other industries, enterprises/SMEs and other industry bodies and relevant agencies.

This is in line with our mission to:

- (i) increase our members' chances of success, and
- (ii) uplift our industry, and FinTechs in the Singapore ecosystem.

“

Our SFA members are driving innovation and unlocking new possibilities across the fintech landscape. We are excited to showcase these latest advancements in ESG with all stakeholders and ecosystem players, and together foster a more dynamic and resilient industry in Singapore and beyond.

- **Holly Fang, President, Singapore Fintech Association**

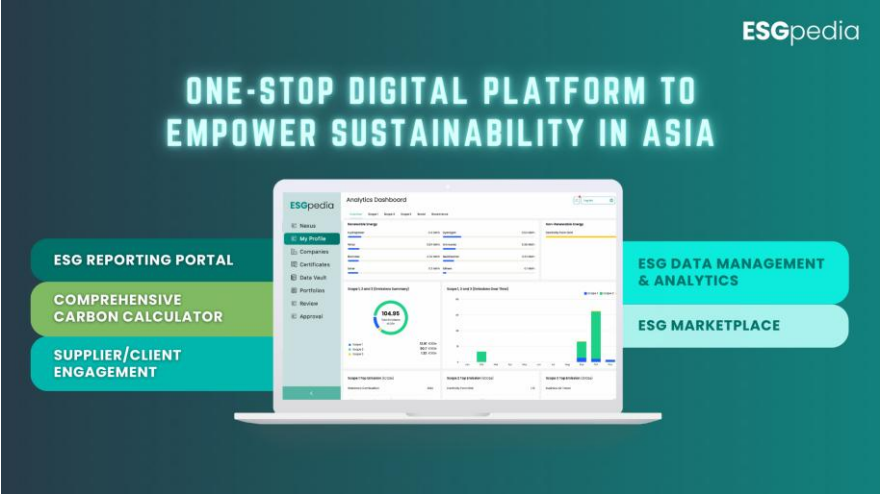

”

Capco

	About Us Capco, a Wipro company, is a global technology and management consultancy, specializing in driving transformation across the financial services and energy industries.
<u>Company Details</u>	
ESG Category <ul style="list-style-type: none"> • Sustainability Measurement and Reporting • Climate and Emissions Management • Sustainable Product Development and Finance 	We offer flexible, robust, and data-driven ESG solutions and advisory services to clients across various sectors in 16 locations worldwide. Our mission is to support clients like you in navigating and implementing climate-related initiatives through practical solutions and systematic partnerships.
Business Model B2B	Problem and opportunity we are trying to address Financial institutions (FIs) face challenges in implementing climate strategies, including complex regulations, inconsistent ESG data quality, and outdated systems. Limited expertise and lack of stakeholder alignment further hinder progress toward net-zero goals and climate risk management.
Website https://www.capco.com/	
Contact Person Anu Muppala, Ariana Szeto	Our solutions Drawing on our experience working with global and regional FIs, we offer tailored solutions to tackle these multi-faceted challenges:
Business Email Anupriya.muppala@capco.com Ariana.szeto@capco.com	<ul style="list-style-type: none"> • Sustainability strategy and disclosure: We create comprehensive strategies and disclosures aligned with global frameworks, including end-to-end sustainability reporting, governance structure establishment, ESG strategy integration, and ESG rating enhancement.
Business Phone Number +65 8328 0656	<ul style="list-style-type: none"> • Climate change and decarbonization: We help FIs in managing climate risks through emissions measurement, target setting, transition roadmaps, and climate risk assessment and integration across operations, supply chain and portfolios.
Founded 1998	<ul style="list-style-type: none"> • ESG data: We support all stages of ESG data management, from design and implementation to digital tool integration and visualization.
Which countries do you operate in? Capco operates across 4 continents in 34 worldwide offices, including Singapore and Hong Kong.	<ul style="list-style-type: none"> • Capacity building: We support FIs in adapting to the evolving ESG regulatory landscape and fostering a holistic understanding of ESG impacts through e-learning, training programs, and capacity-building workshops.
Examples of FI clients Capco has assisted Tier 1 Global Universal Banks, Leading Singaporean and Hong Kong Banks, Insurers and REITs, and asset managers in their sustainability journeys.	<ul style="list-style-type: none"> • Sustainable finance: We assist FIs in identifying sustainable finance opportunities by screening the sector portfolios, decarbonization pathways, and transition plans.

ESGpedia (ESGpedia Pte Ltd)

	Pitch ESGpedia is a one-stop digital ESG data and technology platform that empowers corporates, SMEs, and the financial sector to attain ESG excellence. ESGTech Pte. Ltd.

	The Pitch <p>ESGTech is a leading ESG data platform built to help financial institutions, corporates, and their partners collect, manage, and confidently share first-party ESG data. Our platform acts as a global ESG utility—driving trust, transparency, and consistency across the ecosystem for investors, auditors, regulators, and advisors.</p>
<u>Company Details</u>	
ESG Category <p>Sustainability Measurement and Reporting, ESG Compliance and Governance, Corporate Governance and Risk Management</p>	The Problem & Opportunity <p>Financial institutions and fintechs are under mounting pressure to meet ESG regulatory requirements and investor demands. But today's ESG reporting is messy—manual, inconsistent, and hard to audit. This creates risk, increases compliance costs, and undermines confidence in ESG disclosures.</p>
Business Model <p>B2B</p>	Our Solution <p>ESGTech delivers a complete, scalable platform that simplifies ESG reporting and ensures data integrity from the ground up:</p>
Website <p>https://www.esgtech.co/</p>	Audit-Ready Data: Every data point is traceable, verifiable, and backed by clear documentation—so you can report with confidence.
Contact Person <p>Conrad Mendoza Jr.</p>	Global Indicator Library: Access thousands of industry-aligned ESG indicators mapped to major frameworks (ISSB, TCFD, CSRD, etc.), ready for use across your organisation.
Business Email <p>info@esgtech.co</p>	AI-Powered Reporting: Automate repetitive tasks, surface insights, and streamline ESG workflows with built-in intelligence.
Business Phone Number	Collaboration-First: Enable seamless collaboration between ESG teams, capital providers, auditors, and supply chain partners—all in one place.
Founded <p>2019</p>	Enterprise-Ready SaaS: Whether you're a single entity or a global enterprise, our platform adapts to your scale and complexity.
Which countries do you operate in? <p>Global</p>	The Outcome
Examples of FI clients <p>REIT Funds PE</p>	<p>With ESGTech, you gain a single source of ESG truth—reducing reporting risk, increasing efficiency, and enabling smarter, more sustainable investment and risk decisions.</p>

	<p>Pitch</p> <p>givvable is an AI-enabled platform that automates ESG due diligence of suppliers and supply chain.</p> <p>As of July 2025 the platform covers over 8 million supplier ESG profiles (and growing), drawing from 2,500+ verified data sources. Suppliers can in-fill data gaps in their profile through our dedicated supplier portal.</p> <p>Problem/Opportunity and Solution/Product</p> <p>All givvable data is third-party verified and constantly refreshed.</p> <p>The data can be delivered via our front-end application or directly to customers and partners via API. Users can filter data by supplier location, product/service, ESG theme or ESG credential, making it easy for you to both check on existing suppliers or discover new ones.</p> <p>Financial institutions use givvable data to check suppliers' compliance with sustainability-linked finance requirements, identify eligibility for sustainability-linked financial products, and/or for prospecting.</p>

Gprnt

	Pitch Gprnt ('greenprint') is a premier digital platform for sustainability disclosures and granular, verifiable ESG data. It is the culmination of 'Project Greenprint' by the Monetary Authority of Singapore, and equips businesses of all sizes with an automated Disclosure solution and value-added services Marketplace, underpinned by an open and interoperable data platform. By harnessing technology to make sustainability reporting accessible and actionable, Gprnt empowers businesses to measure and act on sustainability at scale.
<u>Company Details</u>	
ESG Category <ul style="list-style-type: none"> • Sustainability Measurement and Reporting • Climate and Emissions Management • Sustainable Product Development and Finance 	Problem/Opportunity and Solution/Product Gprnt tackles the global ESG data gap by equipping businesses of all sizes with technological tools to collect, report and act on their sustainability data. By simplifying the ESG reporting process, Gprnt makes compliance more affordable and accessible, especially for SMEs that are just beginning their sustainability journey.
Business Model B2B	1. Gprnt Disclosure
Website www.gprnt.ai	Gprnt Disclosure is a user-friendly, AI-powered tool designed to simplify ESG reporting for businesses of all sizes, particularly SMEs. It provides an automated solution to measure Scope 1 and 2 emissions, seamlessly integrating with government databases and private sector systems to pull the necessary data. The tool provides pre-defined metric packs for various use cases such as basic emissions reporting, green financing, and supply chain sustainability, allowing businesses to generate baseline ESG data quickly and efficiently.
Contact Person Cedric Chong	
Business Email cedric@gprnt.ai	2. Gprnt Marketplace
Business Phone Number NA	The Gprnt Marketplace tackles the fragmented landscape of ESG solution providers by catering a central platform to anchor these solutions and link them to users via a proprietary intelligent matching engine. This pairs with Gprnt Disclosure by connecting reporting entities to solutions that not only fit their respective profiles and needs, but demonstrate clear value-add atop the baseline services offered by Gprnt.
Founded 2023	The Marketplace presently caters three categories – solutions, financing and training – with plans to progressively expand these in time to come.
Which countries do you operate in? Singapore	
Examples of FI clients Ant International, China Construction Bank, DBS, HSBC, Maybank, MUFG, OCBC, Standard Chartered, UOB	

IDEMIA Secure Transactions

	<p>Pitch</p> <p>IDEMIA, a global leader in payment services, operates GREENPAY Wallet, an "impact-as-a-service" platform that enables banks and fintechs to engage in regenerative banking. Designed as a reward-powered marketplace, the GREENPAY Wallet allows banks and users to select and support vetted NGOs and regenerative projects in a transparent, interactive, and measurable way.</p> <p>Right from the bank's app, users can select causes that matter to them, through a points-based system. These causes encompass local initiatives worldwide, from mangrove reforestation and coral reef restoration to targeted children education and biodiversity preservation.</p> <p>Users track their impact with scientifically backed data and social feeds from the field, while banks access curated dashboards to monitor contributions and align them with CSR goals.</p> <p>Problem/Opportunity and Solution/Product</p> <p>Enabling banks and fintechs to become part of the new regenerative economy by integrating planet-positive actions into business activities in a profitable and seamless way.</p> <p>GREENPAY Wallet helps banks and fintechs differentiate by embedding regenerative sustainability into their mobile app and business model in a simplified and flexible way. It enables institutions to go beyond neutrality, supporting the most impactful local projects, engaging customers in a positive way, tracking and reporting impact with confidence, and sharing authentic impact stories to create real business value.</p> <div data-bbox="678 1549 1019 1669">  </div>

	<p>Pitch</p> <p>U-Reg provides a unified ecosystem where financial institutions, service providers, and business counterparts collaborate seamlessly through secure, automated workflows that ensure consistent compliance outcomes. Our intelligent regulatory platform eliminates manual processes and accelerates time-to-business for the financial industry navigating complex regulatory environments.</p> <p>Financial institutions of all sizes, from emerging fintechs to established global institutions, choose U-Reg to turn reporting, risk management and other compliance processes, including ESG, into seamless workflows. With unlimited users and predictable pricing, discover how our ISO 27001 certified and GDPR compliant platform can accelerate your growth.</p> <p>Problem/Opportunity</p> <p>Financial institutions are facing scattered compliance processes across multiple systems, lengthy manual workflows, and disconnected collaboration between teams, clients, service providers or business partners. These inefficiencies compound into significant business impacts: frustrated clients experiencing slow processing, operational teams drowning in duplicated data entry and email coordination, and increased compliance risk.</p> <p>Solution/Product</p> <p>U-Reg transforms regulatory operations through a single, integrated platform that connects your entire compliance ecosystem. Our unified approach eliminates the need to manage multiple vendors, complex integrations, and fragmented workflows.</p> <p>Our core platform:</p> <ul style="list-style-type: none"> - Smart Profiles & Automation: Centralized entity management with AI-powered data extraction (Profiles), automated risk assessments, & real-time updates across processes (Workflows). - Integrated Compliance Suite: Built-in ESG equivalence, secure document management (Doc-Vault), and automated reporting - all working seamlessly together. <p>Connected Ecosystem: Secure collaboration with service providers, clients, and teams through shared workspaces and real-time visibility.</p>
